मदः 4 Or any name of the moon. 5 Or सितामः 6 Denominated

from the countries in which they are produced: or, as some derive these terms, from other circumstances. The first sort is white; the second, the color

of brass and very fragrant. The third is yellow and said to smell like a ripe mango. 7 *Pterocarpus santalinus*. Some interpret this, red lead (Minium).

But medical writers disjoin these terms and make the *Patranga* to be Sappan-wood (*Cæsalpinia sappan*). 8 Also पञ्चगं and पत्तंगं.
