1 Also ओवासे: (-स). 2 Likewise मृग: and (fem.) नाभिः. 3 Also मृदः. 4 Or any name of the moon. 5 Or सिताभः. 6 Denominated from the countries in which they are produced: or, as some derive these terms, from other circumstances. The first sort is white; the second, the color of brass and very fragrant. The third is yellow and said to smell like a ripe mango. 7 *Pterocarpus santalinus*. Some interpret this, red lead (Minium). But medical writers disjoin these terms and make the *Patranga* to be Sappan-wood (*Casalpinia sappan*). 8 Also पञ्चग and पत्तंग.
