1 The same with *Sāmbhar* salt, denominated *Raumaca*, as some say, from a mountain of salt called *Rumá*; or, as others affirm, from a river or lake of the same name. 2 Also रौमं. 3 Obtained by boiling clay found on the sea shore; or other earth impregnated with salt. Some remark, that the two first terms are names of different kinds of salt which are equally factitious. 4 This appears to be the same with black salt or *Vit'avalava*; a factitious salt containing sulphur. 5 The first term signifies granulated sugar; and the second inspissated juice of sugarcane. 6 Some, making this one of the exhibited terms, state three synonyma of syrup. 7 Clayed: others say, candied. 8 And कूर्धिका. 9 The following to v. 46 admit the three genders.
