1 Also वल्लीः. 2 Likewise व्रतती and प्रततिः. 3 Some make the explanation to be one of the synonyma; and others, moreover, make these and the preceding bear the same sense. 4 For example, that of the Indian fig tree. 5 Some make this a second interpretation of अवरोहः, and expound it otherwise: viz. a plant climbing from the root to the top of a tree. 6 Any term signifying a foot.
